

➔ Aşağıda küplerle onluk ve birlikleri gösterilen sayıları örnekteki gibi yazalım.

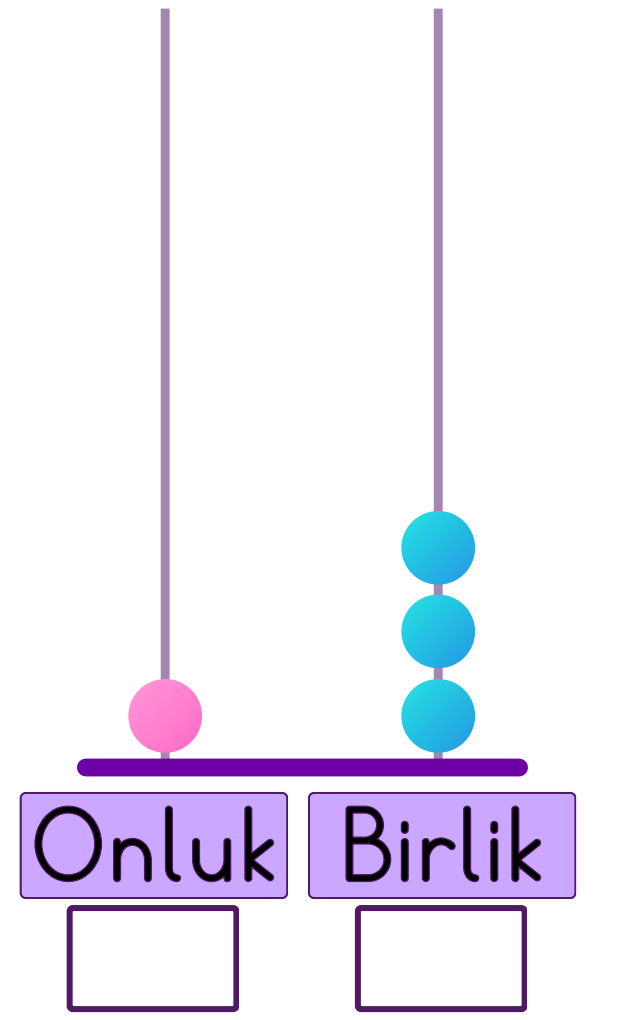

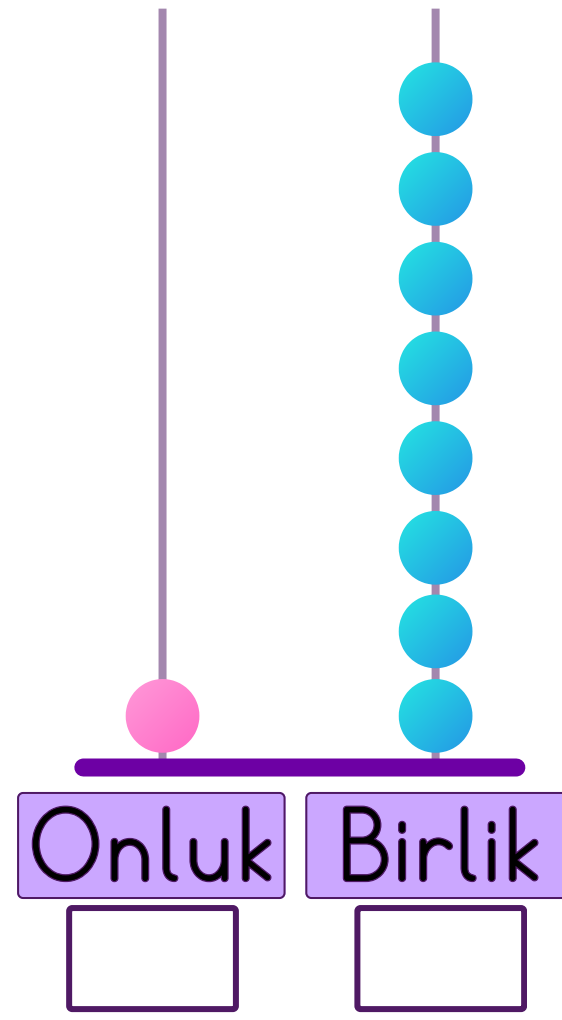

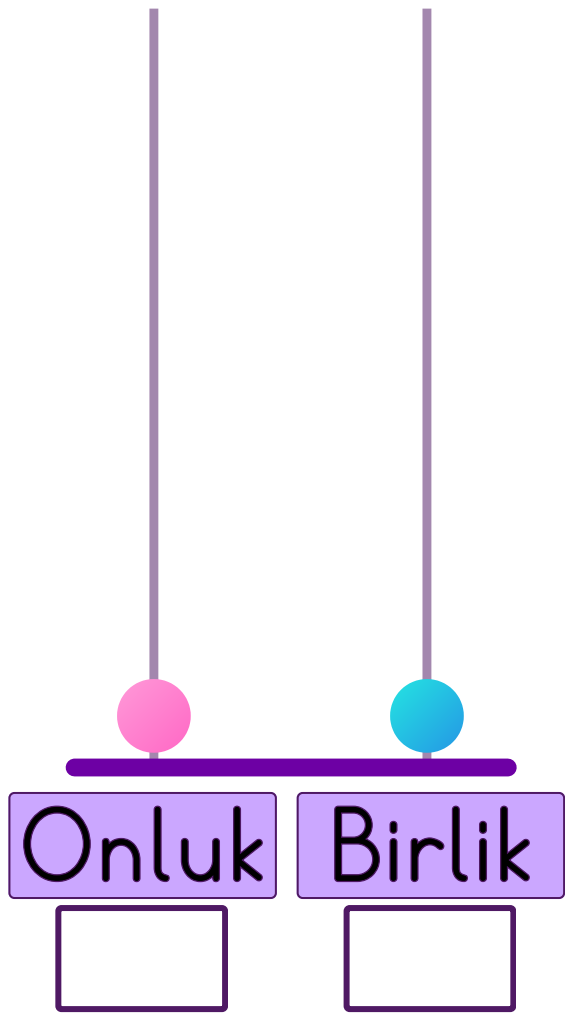

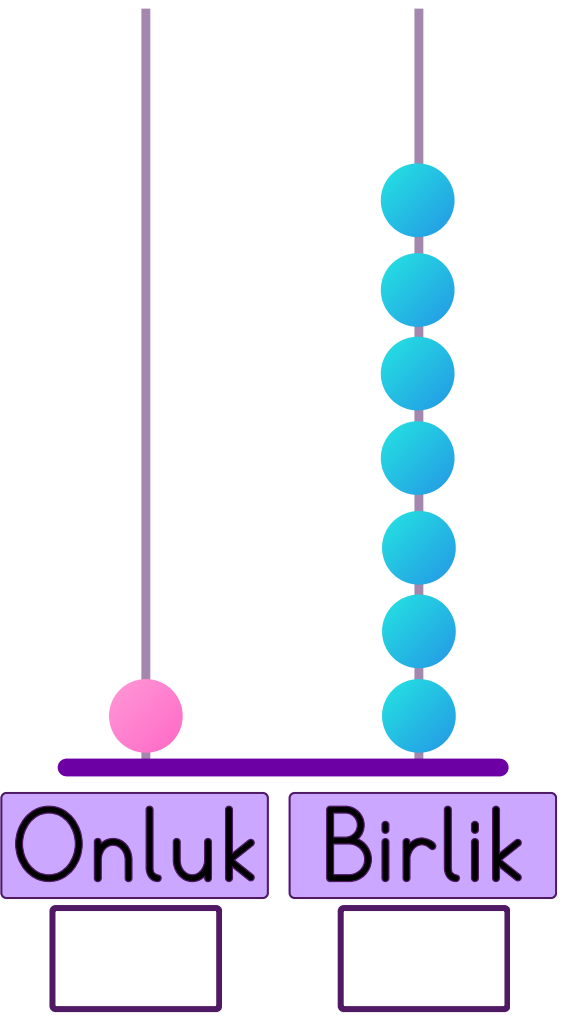

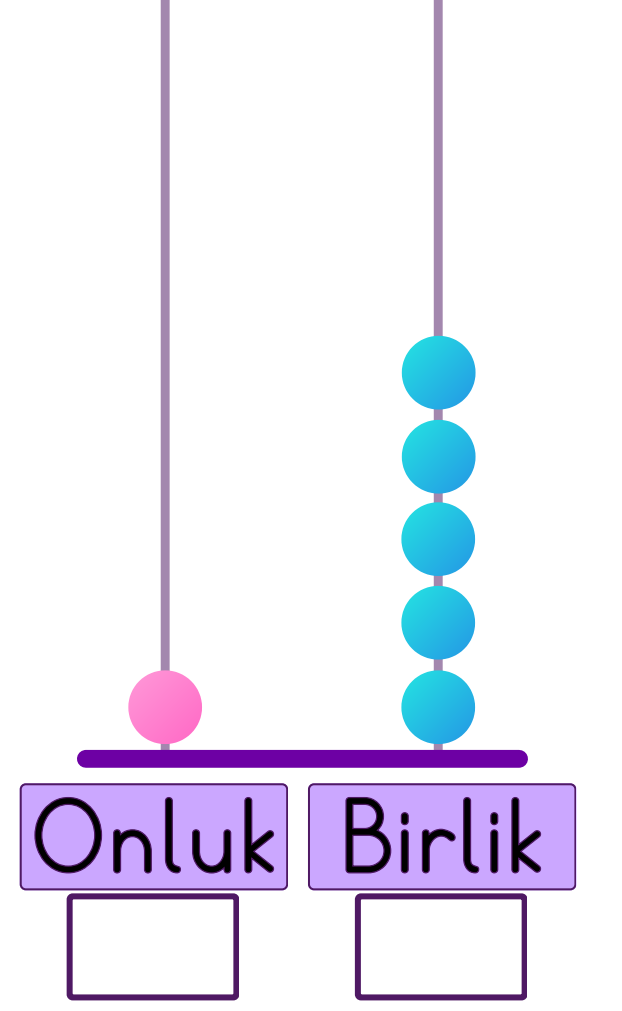

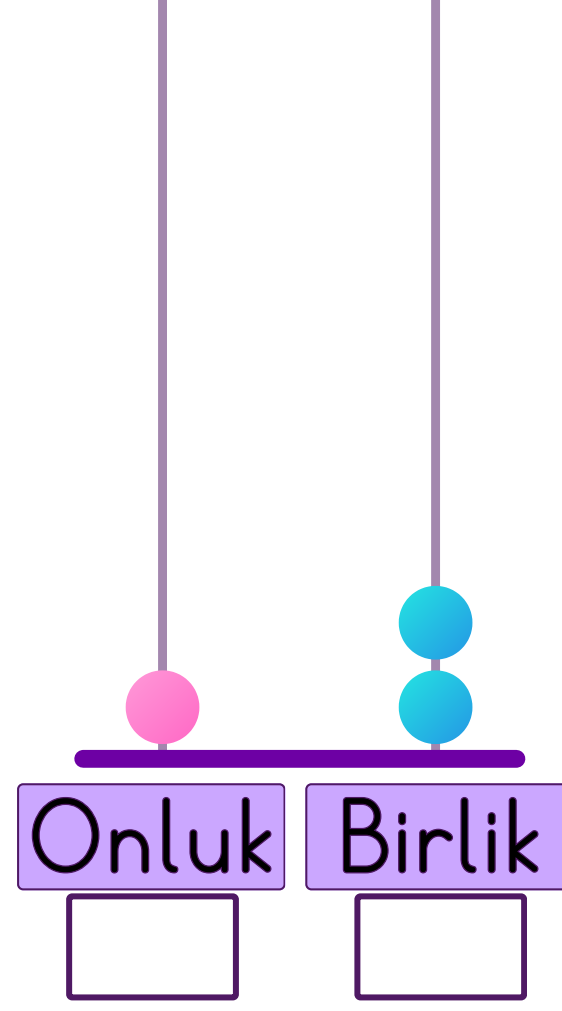

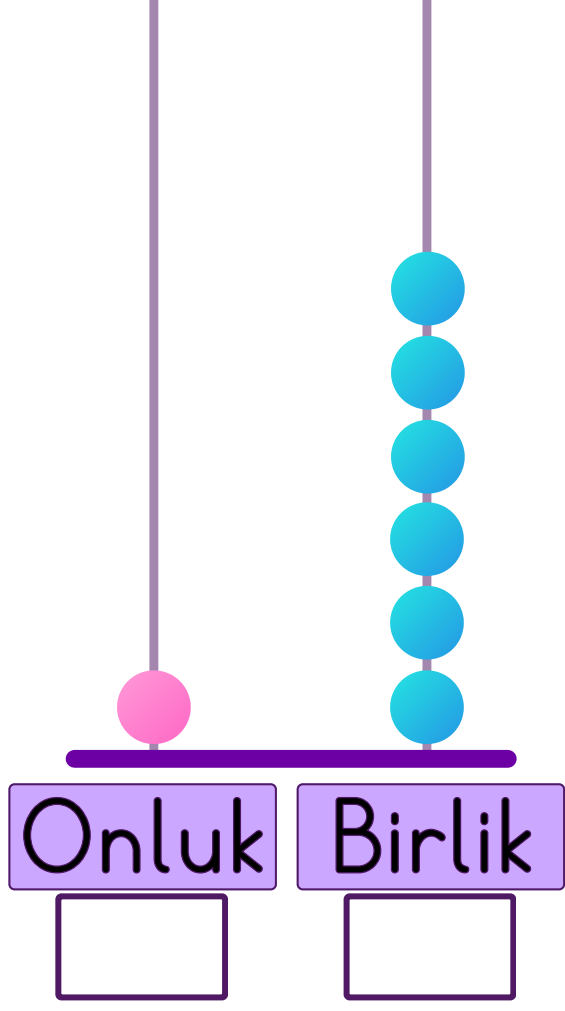

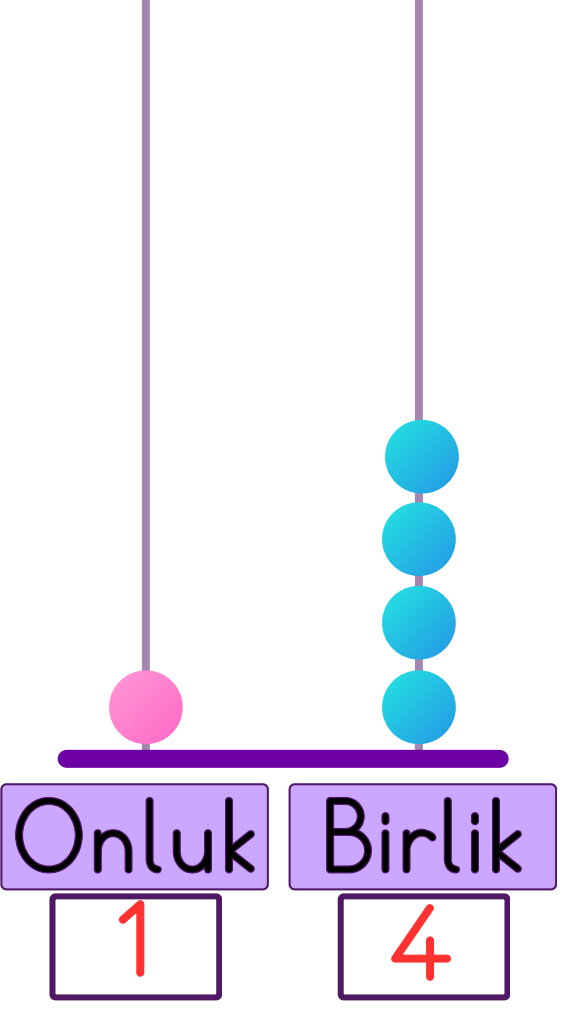

| | | | | |
|----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |  |
| 13 | | | | |

| | | | | |
|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
|  |  |  |  |  |
| | | | | |

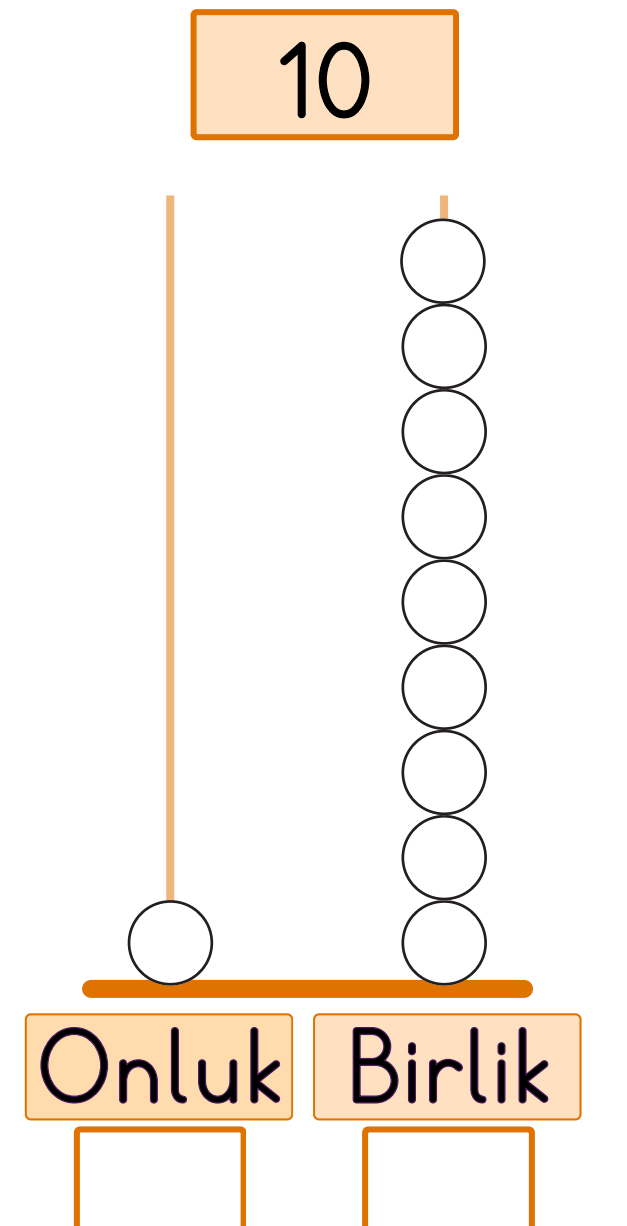

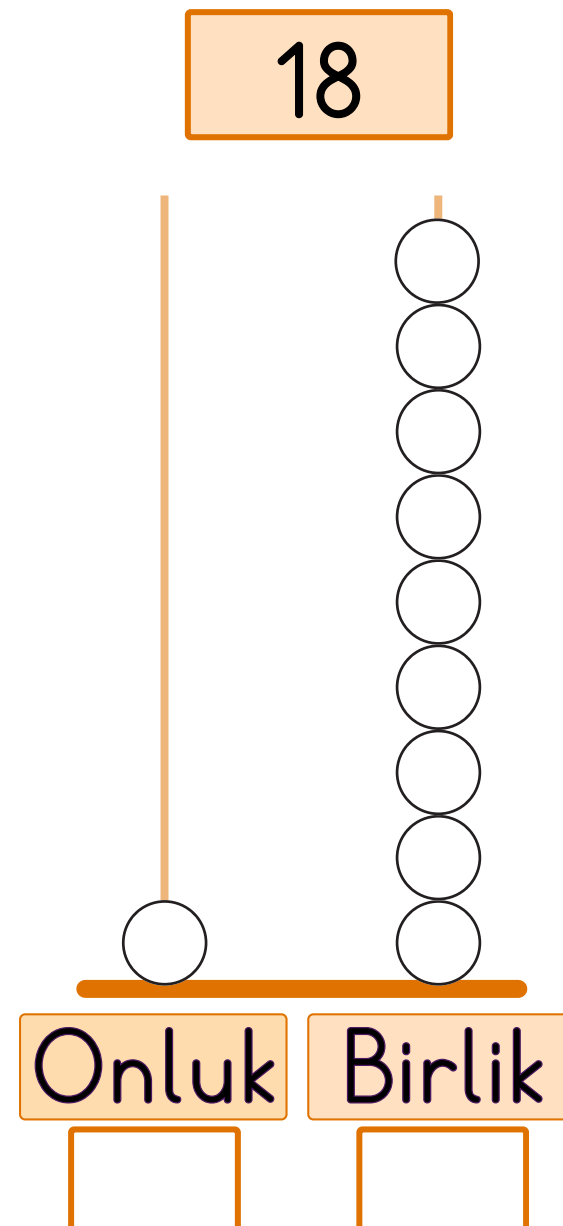

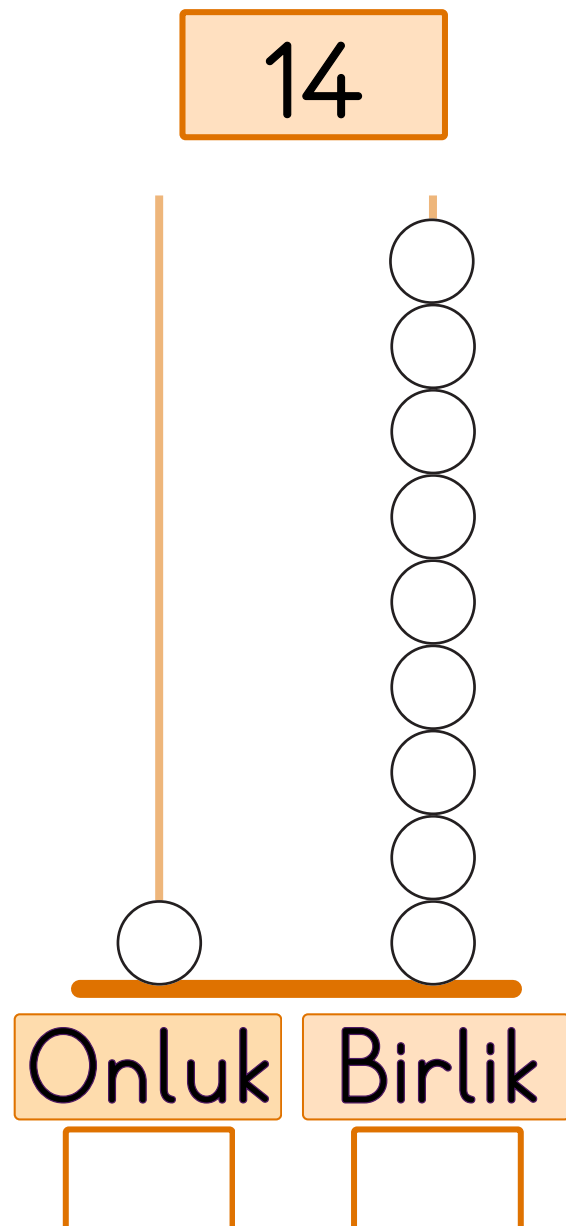

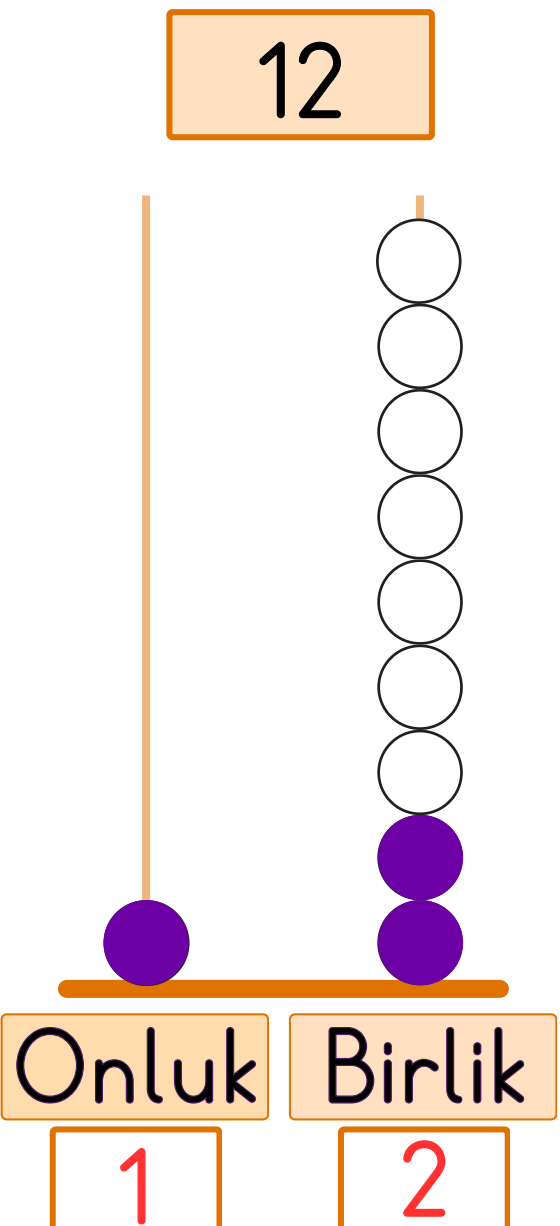

➔ Aşağıda verilen sayıların onluk ve birliklerini örnekteki gibi yazalım. Daha sonra da küpleri boyayalım.

| | | |
|---------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| <p>1 onluk 5 birlik</p> <p>15</p>  | <p>1 onluk 8 birlik</p>  | <p>1 onluk 3 birlik</p>  |
|---------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|

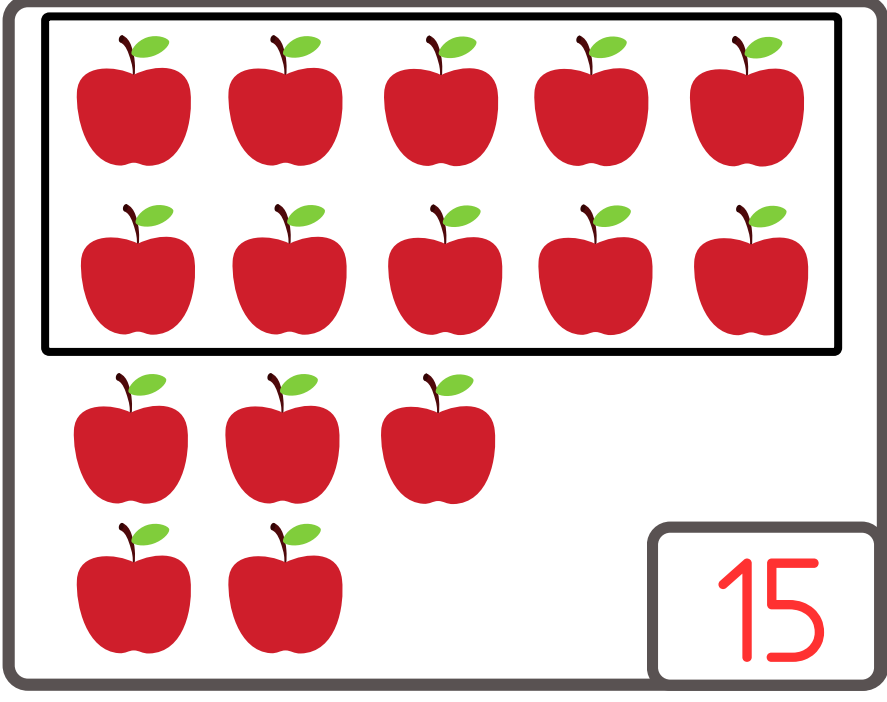

➔ Aşağıda onluk ve birlikleri verilen sayıları örnekteki gibi yazalım.

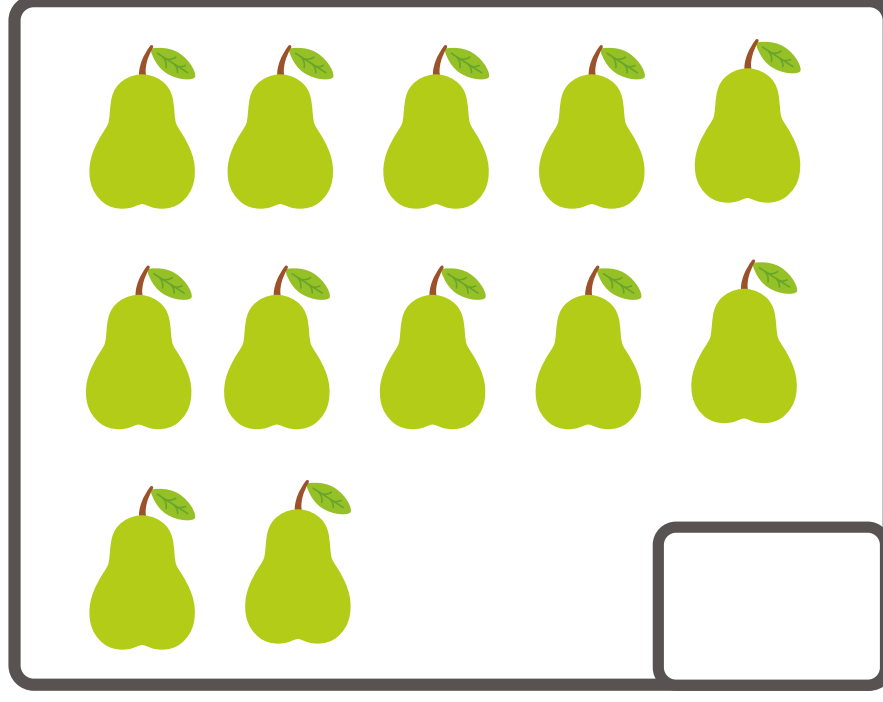

➔ Aşağıda verilen sayıların onluk ve birliklerini örnekteki gibi abaküste boyayalım. Daha sonra da onluk ve birliklerini yazalım.

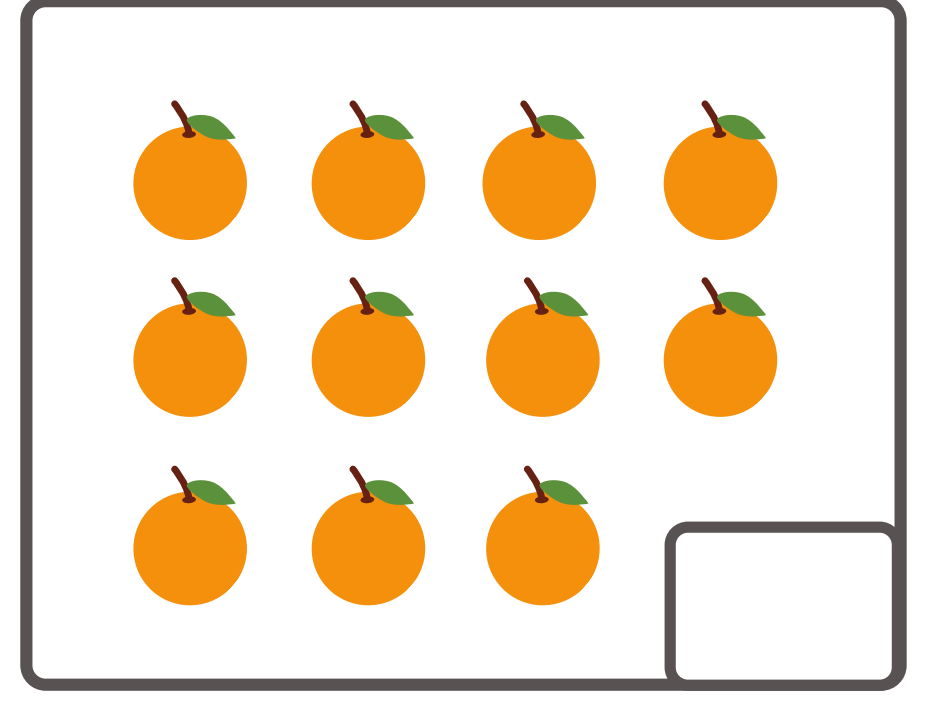

➔ Aşağıdaki varlıkları sayalım. Daha sonra onluk ve birliklerine ayırarak örnekteki gibi yazalım.

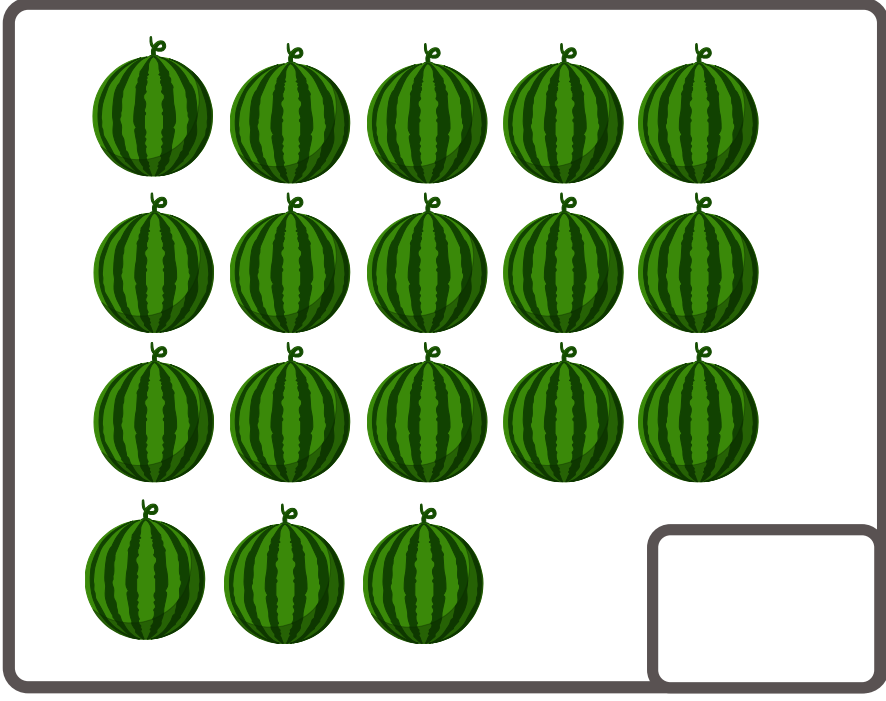

1.onluk + 5.birlik

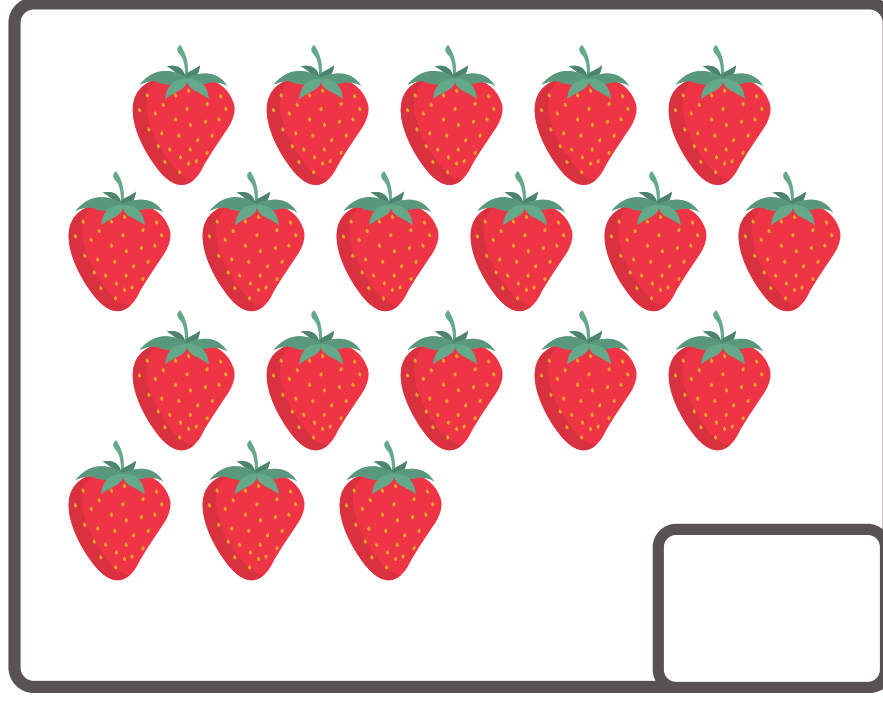

....onluk +birlik

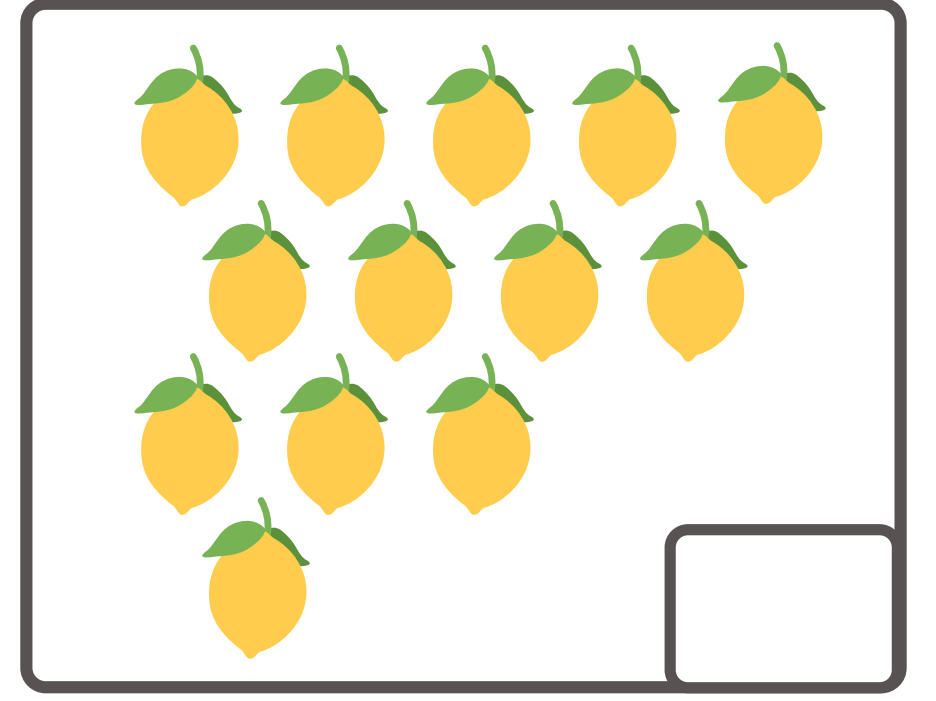

....onluk +birlik

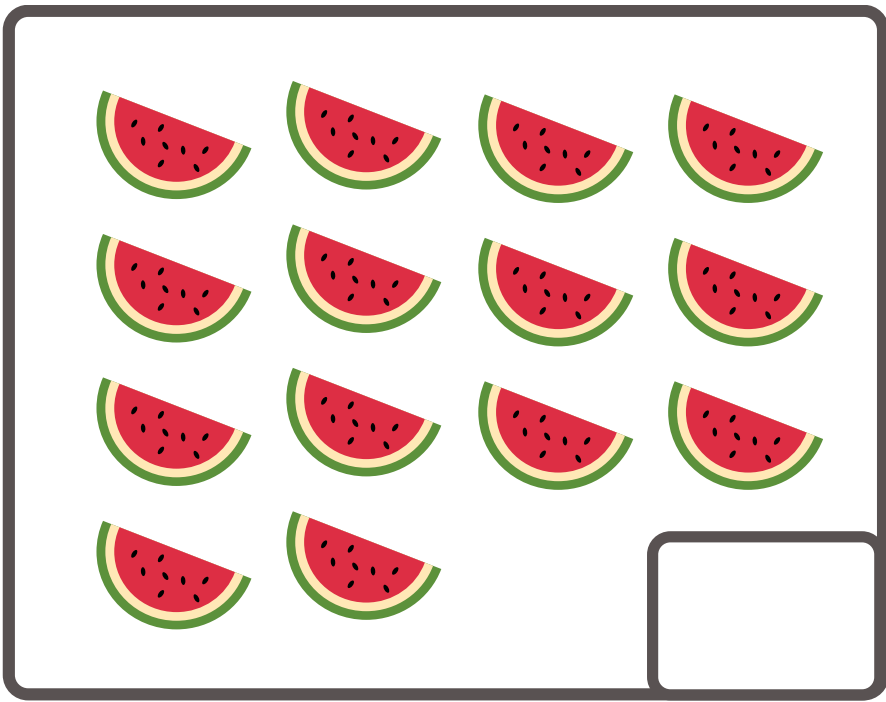

....onluk +birlik

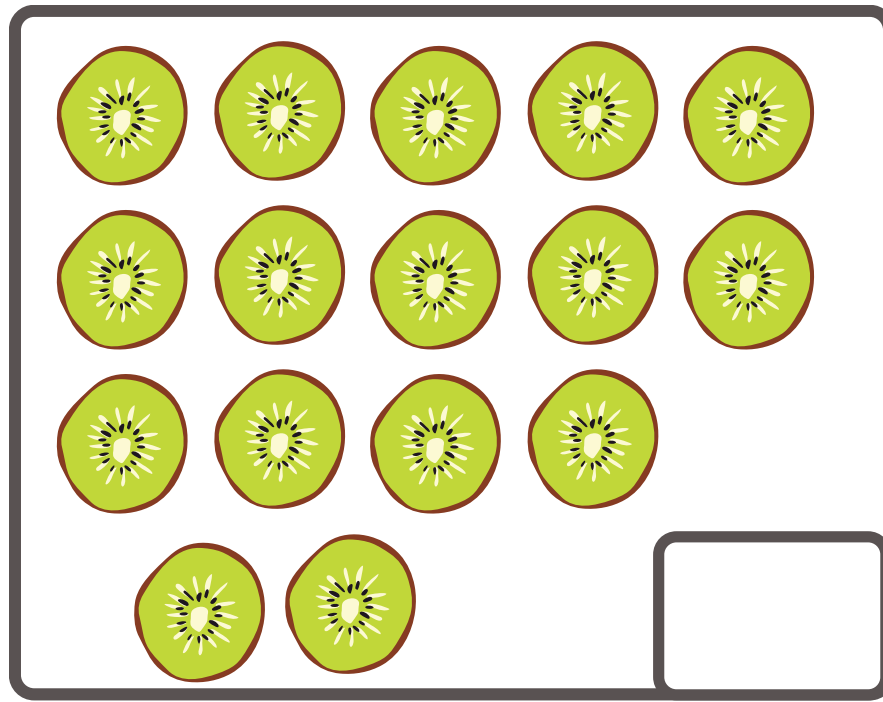

....onluk +birlik

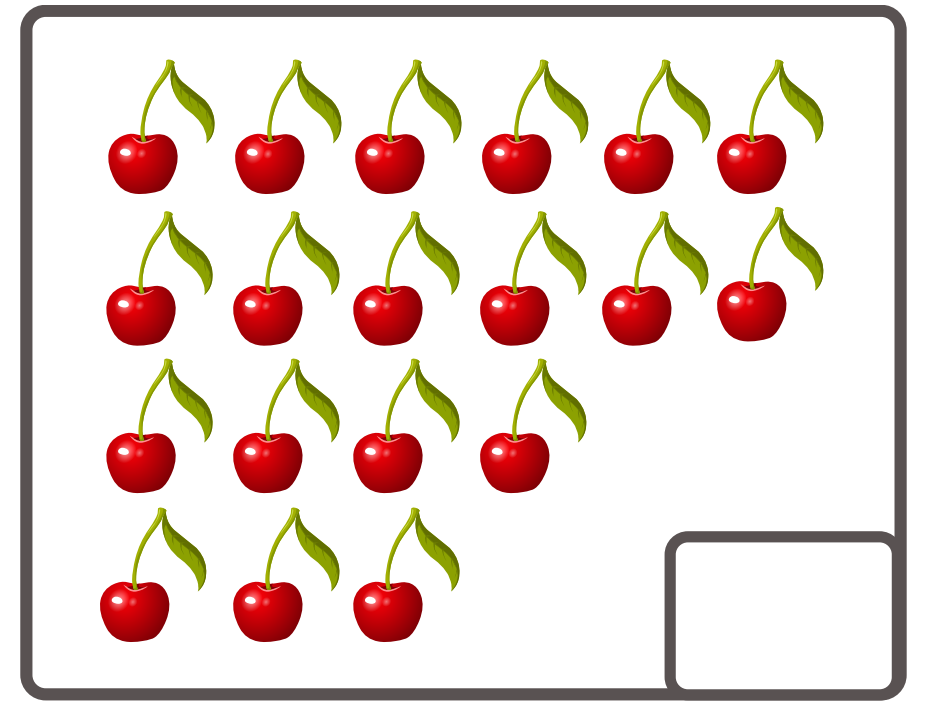

....onluk +birlik

....onluk +birlik

....onluk +birlik

....onluk +birlik
